Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

SAYS 1. My electricity bills are too high. 2. I want to reduce my electricity bill. 3. I need to know how to save electricity	THINKS 1. Which appliances consume the most electricity? 2. How can I reduce electricity usage 3. Can electricity consumption be Predicted ?
PERSONA NAME (Role/User Type)	
DOES 1. uses electrical appliances everyday. 2. checks the month electricity bill. 3. switches off lights and fans when not in use	FEELS 1. worried about high electricity bills. 2. happy when electricity consumption is reduced. 3. wants better insights into electricity usage .
